

RunTour is an association that promotes the passion for running and for travels, like moments for people to have fun and stay together and challenge their own limits.

If you have passion for running, if you want to experience new marathons, meet people who share the same passion and visit places rich in history and culture around Europe then you are in the right place!

"Who does not travel does not know the value of men," said Ibn Butta and then good race and good luck!
